Oltre

high end audio amplifier

Output Power: 2 x 300W @ 8 ohm / 2 x 600W @ 4 ohm
Frequency Response: 10 Hz - 30 kHz (± 1 dB, @ 1 W 8 ohm)
S/N: > 115 dB (20 Hz - 20 kHz A-Weighted 8 ohm)
THD+N: < 0.05% from 0.1 W to full Power
Input impedance: 4.5 k ohm balanced
Input sensitivity: 11 dBu / gain 26 dB

AC Mains Power

Nominal voltage 100-240 V AC @ 50-60Hz

Construction

chassis: aircraft aluminum

Dimensions: 398 x 398 x 120 mm

Weight 20 kg

On request:

- customizable connectors
- 1 to 4 Channels

TECHNOLOGICAL EXCELLENCE PERFORMANCE, STYLE, EXCLUSIVITY

When capacity and will manage to overcome the simple function of things...

When, with his work, the Artist can reach a conscious unity...

When the object created takes the possibility of simple use to reach a superior completeness...

In that case we go to BEYOND, in that case we get to OLTRE.

And in OLTRE there is not only the simple and obligatory high quality of the musical reproduction and the obliging reliable class of the components, but it blends all these functions in a fascinating visual persuasion creating the simple incipit...

Quando la capacità e la volontà riescono a superare la semplice funzione delle cose...

Quando, con la sua opera l'Artifex riesce a raggiungere una consapevole unitarietà...

Quando l'oggetto realizzato trascende la possibilità del semplice utilizzo per arrivare a superiore completezza...

Allora si va OLTRE, allora si arriva ad OLTRE.

E in OLTRE non vi è più solamente la semplice ed obbligatoria alta qualità della musicale riproduzione e la doverosa affidabile classe della componentistica, ma si compenetrano in affascinante suadanza visiva tutte quelle funzioni che sono state un semplice incipit.

The entire chassis of "OLTRE" is machined from solid aircraft aluminum, for superior shielding, thermal stability and vibration damping. High-precision milling allows the entire chassis to fit together solidly with no visible fasteners. We think it safe to say that no power amplifier has been designed and built to a higher standard than the "OLTRE".

"Oltre" is supplied with an elegant waterproof and shockproof case
